

Camp Session

Camp is Sunday, June 21st to Saturday, June 27th. Campers receive an assigned time to "check-in" on Sunday in the "Welcome to Camp" letter; which is sent shortly before camp begins. "Check-Out" occurs the following Saturday after our 10 a.m. closing ceremony and before 11 a.m. The camp accepts children and youth, ages 8 through 17, who have type one diabetes. Applications are due June 1, 2026. Late applications will be considered ONLY on a space available basis.

Fees

See application for the fee structure. The amount paid may be adjusted according to the family's demonstrated need. Requests for financial assistance ("Camperships") are submitted along with the application. See the application for details.

Donations

Donations are very important and helpful! The cost for each camper is considerably greater than the amount charged, so each year we need to raise additional money to cover the costs of camp. Please consider making a donation to assist us in making camp a reality for these campers each year.

Contact Information

If you would like information about the camp or to download a camper or counselor application, go to our website at:

Lionsyouthdiabetescamp.org

For medical staff application or other information such as how to make a tax deductible donation, please contact:

Location

The camp is held at beautiful Lake McCumber, just seven miles east of Shingletown, and a few miles west of Lassen Volcanic National Park, off Highway 44. With a beautiful wooded area, lake and recreation facility, this site offers the activities of outdoor camping while supplying the comforts of home – electricity, hot showers and cafeteria style meals.

Directions

Take Highway 44 east out of Redding. Seven miles past Shingletown, turn left on Lake McCumber Road. Stay on Lake McCumber Road (bearing right at the "Y" intersection with Ritts Mill Road) and it becomes Deer Flat Road. Turn left at the Camp McCumber sign. The camp's address is 35440 Deer Flat Road, Shingletown, CA 96088.

Foundation**

The Camp

The Camp is sponsored by the Lions Health Foundation (a 501 (c) (3) foundation, Tax ID number 94-3233706) of District 4-C1, a non-profit service organization. The foundation is dedicated to providing fun and educational camping experiences for youth with health challenges, who might otherwise be denied the opportunity.

Goals

The Lions Health Foundation has the following goals for summer camp:

- Provide a safe, healthy and enjoyable camp experience
- Enable youth to meet and share their experience with other youth who have diabetes
- Empower campers to become responsible for their individual control programs

Daily Schedule

Wake-up
Flag Raising
Testing / Breakfast / Showers
Morning Activities
Testing / Lunch
Camp & Cabin Clean-up / Quiet Time
All Camp Activity
Snack
Free Time
Flag Lowering / Announcements

- Archery
- Arts & Crafts
- Baseball & Basketball
- Hiking & Nature Study
- Music
- Nightly Campfire Skits & Camp Songs
- Ping Pong & Badminton
- Volleyball & Kickball
- Waterfront Activities

Tie Dye in Arts & Crafts

Medical Staff

Our 24 hour medical staff (Doctors, CDEs, and Nurses) monitors diet and supervises insulin administration and blood glucose testing. Medical education activities assist campers in becoming responsible for their individual health programs.

Diabetes Education

Counselors

We provide enough counselors to supervise and meet the individual needs of all campers. Counselors receive basic training in supporting the medical staff and assisting campers. Counselors are selected from Lions, Lioness, students, teachers, etc. Counselors are role models for campers and positively impact each camper's experience.

Food

An excellent kitchen staff provides three hot meals a day, which are appropriate for the individual with diabetes. Nutritious snacks are also provided at appropriate intervals throughout the day and evening. Food is an important part of diabetes management and we strive to help campers make healthy food choices.
